Good Afternoon:

Thanks so much for your willingness to help with the final hearing in the Ohio House regarding HB6 (Ohio Clean Air Program). After Wednesday it is anticipated the bill will go to the floor of the House for a full vote.

As far as written testimony is concerned, we will be getting a draft copy to you soon.

The hearing on Wednesday, May 15, is slated to start at 9:00 am. We are suggesting people arrive by 8:30am as the hearing room is anticipated to be packed. The House Finance Hearing Room (313) will host the proceedings (see link below for statehouse room plan). Parking is available under the Statehouse or in various parking facilities in this area of downtown Columbus (see link below for interactive parking map).

Proponent Testimony of
Superintendent, Perry Local Schools, Jack Thompson
Before the Energy and Natural Resources Committee of
The Ohio House of Representatives

May 15, 2019

Jack Thompson, Superintendent, Perry Local Schools

First, I'd like to thank the committee and the chairman for allowing me to provide this testimony. My name is Dr. Jack Thompson, and I am the Superintendent of Perry Local Schools. I'm here today to urge you to vote YES on HB 6, which will help lower Ohioans' electric bills while contributing to our state's clean energy efforts.

Just as importantly for the village of Perry and Lake County as a whole, HB 6 will also help preserve critical tax revenue that benefits our local communities and schools.

Through the creation of the Ohio Clean Air Program, HB 6 would help keep the Perry Nuclear Power Plant open and operational. This of course has immense environmental benefits as nuclear energy is our state's largest source of zero-emissions power, helping to keep our carbon footprint down by limiting air pollution.

However, just as important from my perspective—and for my community—is the local impact that the Perry nuclear plant has on funding for education in Perry and statewide.

The Perry Nuclear Power Plant, along with the Davis-Besse nuclear plant in the Toledo area, provides upwards of \$30 million in local and state tax revenue. That's millions of dollars that gets pumped directly back into local communities to support vital programs and services, including education. Without these tax revenues, statewide funding for schools and emergency services in particular would be threatened.

That would have a direct impact on the ability of Perry Local Schools and other school districts to provide the same level of quality education and programming for future generations of Ohioans.

Additionally, if the Perry facility is forced to close its doors permanently, then that would put roughly 700 to 800 hardworking men and women out of a job entirely, further hurting local economies and Lake County families. Like many of the towns surrounding the Perry Nuclear Power Plant, the village of Perry is a small community—with fewer than 2,000 residents. The economic impact of losing seven to eight hundred jobs—and the steady income these jobs provide—would be devastating.

All in all, preserving nuclear power has undeniable benefits for Ohio's environment, our economy, and our schools. Please take these views into consideration and vote yes on HB 6. Thank you for your time today.

From: [Zele, Wendy F.](#)
Subject: HB 6 Meeting Room
Date: Tuesday, May 14, 2019 1:35:35 PM

Good Afternoon – Once again, thank you for taking the time to provide testimony in Columbus regarding House Bill 6 Ohio Clean Energy program legislation. FirstEnergy has a room at the Statehouse – the Governor Thomas Worthington Center room – on the first floor, across from the café, if you would like to join us at 8:00 am.

At 8:30 am, we will go to the State House Hearing Room 313. House Energy & Natural Resources Committee hearings to start at 9:00 am.

At this time, I do not know when you will be providing testimony. Note – we will provide lunch in the Governor Thomas Worthington Center room.

I am available via cell at 440-465-0446 anytime with questions. See you tomorrow. Sincerely – Wendy.

WITNESS INFORMATION FORM

Please complete the Witness Information Form before testifying:

Date: 5/14/2019

Name: Jack Thompson

Are you representing: Yourself _____ Organization X

Organization (If Applicable): Perry Local School District (Lake County)

Position/Title: Superintendent of Schools

Address: 4325 Manchester Rd.

City: Perry State: Ohio Zip: 44081

Best Contact Telephone: (216) 287-0136 Email: thompsonj@perry-lake.org

Do you wish to be added to the committee notice email distribution list? Yes X No _____

Business before the committee

Legislation (Bill/Resolution Number): HB6

Specific Issue: Increasing carbon footprint, lost tax revenue and skilled jobs

Are you testifying as a: Proponent X Opponent _____ Interested Party _____

Will you have a written statement, visual aids, or other material to distribute? Yes X No _____

(If yes, please send an electronic version of the documents, if possible, to the Chair's office prior to committee. You may also submit hard copies to the Chair's staff prior to committee.)

How much time will your testimony require? 2-3 minutes

Please provide a brief statement on your position:

Failure to support zero emission options for energy production in Ohio will cause these choices to disappear and create an over reliance on natural gas.

This would significantly increase our carbon footprint and be devastating to the communities relying on the tax revenue from zero emission energy production in Ohio. Not supporting zero emission production will also limit or even cease further research in areas that would ensure we develop energy options that don't pollute our air.

Please be advised that this form and any materials (written or otherwise) submitted or presented to this committee are records that may be requested by the public and may be published online.

From: [Christopher Curry](#)
Subject: Important Information for Tomorrow's Hearing
Date: Tuesday, May 14, 2019 4:19:00 PM
Importance: High

Good afternoon – below you will find important information related to tomorrow's hearing before the House Committee on Energy and Natural Resources. Thank you for agreeing to attend this important hearing to show your support for House Bill 6 and the Ohio Clean Air Program.

Location:

- The hearing will take place in **Room 313** in the State House: 1 Capitol Square, Columbus, Ohio 43215. This is on the third floor.

Time:

- The hearing starts at 9am and we are asking that everyone arrive in the hearing room by **8:30am** so that we can demonstrate the strong support for HB 6 and Ohio's nuclear plants.

Our Room:

- We will have our own private room in the State House where you can pick up your information packets, grab refreshments, and pick up lunch during the lunch break. Please plan to stop by!
- The name of our room is the **Governor Thomas Worthington Center** and it is near the cafeteria on the ground floor. The room will be open starting at 8:00 am.

What to Expect During Testimony:

- Each individual who wishes to testify will have approximately **5 minutes** to read their testimonies. Feel free to add additional personalization to your testimony. This is a chance for legislators to hear from you about why you support this bill.
- We do not expect follow-up questions following individual testimonies. If a Representative asks you a follow-up question feel free to answer honestly – it's OK to say "I don't know" if you are unsure of the answer.
- Your written testimony will be submitted to the committee in advance, but you should plan to bring a copy for your use. A copy of your testimony will also be available in our room (the Governor Thomas Worthington Center).

Lobbying Legislators:

- Following your testimony, we ask that you spend some time in the afternoon speaking with individual legislators. While many of the decision makers will be in the hearing room, there will be other important legislators who also need to hear from you about why HB 6 is so important. This is your chance to speak with them individually or drop off letters with their staff.
- Packets of information about the bill and what to say to legislators will be available in our private room (Governor Thomas Worthington Center). Please plan to stop by to pick up packets of information prior to going out to meet with legislators and we will help point you in the right direction. A few of the items from your packets are attached here.

This is an important day for House Bill 6 and we appreciate your willingness to participate! If you have questions about your testimony please email Christopher.Curry@deweysquare.com

Thank you!

Good Afternoon - I would like to thank all of you for helping with this important HB6 bill yesterday. Your in-person testimony and written submittals will go a long way in getting this moved to the full House and then Senate and eventually to the Governor's desk for approval. We definitely have more work to do but yesterday certainly helped with creating additional momentum to move this bill forward.

The most impactful next step is to call your representatives/senators to support HB 6. I would suggest using the Ohio Clean Energy Alliance website <https://www.protectohiocleanenergyjobs.org/> and select the "Call" button. By completing the simple form and selecting "Call Your Official", the system patches you directly to the Columbus office of your representative/senator.

The voice of constituents is proven to be the most effective way to influence support for legislation. They need to know that constituents care about the outcome of HB 6 and constituent calls are highly effective.

Feel free to provide this to others who are in support. Thank you again – Wendy.
